Minimum School Age Ruling Is Given

Frankfort, Ky., Oct. 6 (AP)—Boards of education lack the power to determine the age at which a child must start school, Attorney General Eldon S. Dummit asserted today. He ruled that statutes provide children becoming 6 years old before September 30 may enroll at the fall term, and if they become of age before February 28 may enroll at the winter session if schools have semi-annual terms.

The opinion was given to Miss Lillie Vertress, Shepherdsville.
